

# **Math 114C: Homework 2**

Due on January 22, 2026 at 11:59pm

Professor Arant

**Darsh Verma**

## Problem 1

Since we know division is recursive, we can define:

$$\text{Prime}(x) \text{ holds} \iff x > 1 \text{ and } \forall 1 < i < x, i \nmid x$$
